

Good Morning,

I want to express my wholehearted support for Indiana Attorney General Steve Carter and his quest to keep the Consumer Bankers Association from gaining an exemption to the Indiana "Do Not Call" list. Under NO circumstances do I want additional businesses to have exemptions!!! In fact - I'd like to see a number of the businesses which currently have exemptions (realtors and newspapers specifically) removed.

Citizens should have a RIGHT to privacy within their own homes and should be able to determine what sort of business calls they are WILLING to have come to home-based or cellular phones. We pay for these services for OUR use and convenience - NOT so that businesses may invade our privacy and try to sell us something in the process. Allowing them to do so sends the message that their rights to conduct business are MORE important than OUR right to privacy in our own homes. My own personal opinion is that this would be unconstitutional because it would allow them to FORCE their "rights" upon us at OUR expense!!

Please DENY the petition of the Consumer Bankers Association!!

Thank you for your time and your consideration.

Respectfully Yours,

MARY HOLLOWAY
